

IPhO 2024 - Commitment Form

As a IPhO 2024 participant (**Leader / Observer / Visitor**)

- I cooperate with the IPhO 2024 organizer for a fair execution of the contest. In particular, in translating the exam problems, I exercise my meticulous attention to exclude any kinds of hints that are not present in the original problem description.
- I understand that any case of misconduct (or attempt) might lead to the elimination of my entire team from IPhO 2024.
- I respect the spirit and ideals stated in the IPhO Statutes. I cooperate with the IPhO 2024 organizer to maintain a friendly atmosphere throughout the IPhO 2024. I refrain from any political messages or actions.

[Excerpt from the Section 2 of the IPhO Statutes]

The competition is conducted in the friendly atmosphere designed to promote future collaborations and to encourage the formation of friendship in the scientific community. Therefore all possible political tensions between the participants should not be reflected in any activity during the competition. Any political activity directed against any individuals or countries is strictly prohibited.

- I understand that the above-mentioned “prohibition of political activity directed against any individuals or countries” does not preclude sound and constructive discussions on the proposed amendments to the IPhO Statutes and Regulations, to be put on the agenda in the final session of the International Board Meeting (IBM) in IPhO 2024.
- I commit myself to cooperate with the IPhO 2024 organizer for a safe execution of the event.
